	Summer,	Annie W. Gifford,	25.00	2.5 "
	Winter,	Annie W. Gifford,	28.00	3.5 "

## GENERAL REMARKS.

Your committee would call the attention of those who wish to see our schools steadily progressing and accomplishing the ends designed, to a few important requisites. The school-houses should be so situated as to accommodate the largest number of scholars possible. We would earnestly recommend that the town build a new house, uniting Districts 4 and 8. The condition of the school-house has much to do with the prosperity of the school; and if the parents would visit our school-rooms and compare them with their cheerful homes, we think a change would soon follow. Next in order comes the delicate duty of the school committee in selecting and sustaining such teachers as have a clear and accurate knowledge of all the branches required to be taught in our public schools, united with ability to control and judgment to instruct, and discipline the scholars of various temperaments. When such teachers are secured they should be retained as long as possible, and receive the sympathy and cooperation of the parents. Without this sympathy and cooperation our school system cannot be a success.

Our schools, with few exceptions, have been taught by those possessing the accomplishments referred to above. We are sorry to report, with regard to punctuality, that there has been little improvement. There has been too many between the ages of 8 and 14 who have not attended school.

Respectfully submitted.

JONATHAN TABER,	} School Committee	
AUGUSTUS WHITE,		of
LEONARD KEEN,		Acushnet.

Acushnet, March 25th, 1872.
