REPORT OF THE SELECTMEN

To the Citizens of Acushnet:

We submit herewith our annual report for the year ending December 31, 1956.

The Board organized on March 12, 1956, naming Ustus Arbogast as Chairman; Miss Mary Viera was appointed clerk of the Board.

The Board re-organized on May 21, 1956, naming Elton A. Ashley as Chairman of the Board.

The Selectmen meet every Monday evening at 7:30 P.M., in their offices in the Town Hall.

The Board herewith acknowledges the cooperation and assistance of all individuals and town departments.

Respectfully submitted,

ELTON A. ASHLEY

USTUS ARBOGAST

CLEMENT ST. AMAND, JR.

Board of Selectmen.

The Treasurer-Collector notes the commendation appearing in the Report of an Audit of the accounts of the town of Acushnet by Mr. Herman B. Dine, Director of Accounts, dated March 9, 1956:

"The town treasurer and collector is to be commended for his efficient efforts in reducing the tax title account, and in securing prompt settlement of the tax, motor vehicle and trailer excise, and water accounts committed to him for collection."

The Treasurer-Collector further notes with personal satisfaction and with fullest credit to the town that 1956 marked the tenth consecutive year in which all taxes were cleared by the end of the year. The results are reflected in the strong financial condition of the town.

Mr. Edward C. Wilson, Associate Commissioner of Corporations and Taxation in his letter of January 17, 1957 states:

"Dear Mr. Rawcliffe:

You cannot appreciate how delighted I was by your

letter of January 10 in which you advise me that you had cleared your tax commitment for 1956 by December 31, 1956 and the remarkable thing is that it marks the tenth consecutive year in which you have succeeded in accomplishing this. Your difficulty now is that you are competing against your own record and when a record is perfect, it is impossible to improve on it; but you have established a record which so far as anyone is concerned is unequalled anywhere in the Commonwealth."

REPORT OF POLICE DEPARTMENT

January 8, 1957

Board of Selectmen
Town Hall, Acushnet, Mass.

I am submitting my budget for the year of 1957. You will see that I am asking for quite a lot more but I really think that Acushnet has grown enough to overcome this increase. People in town want adequate police protection and if we do not increase the force they cannot get it. From the calls that are taken in some of the townspeople think there is a man in the office at all times. They do not realize that we close the station at about 1:30 A.M. and the rest of the calls are taken at home. I still realize at this time this is quite a jump but we have got to make up our minds that we are going to have to keep along with the times and enlarge our department. With the amount I am asking for now the department can cover the station from 8 A.M. in the morning through 3 A.M. the next morning.

REPORT OF THE BOARD OF TRUSTEES RUSSELL MEMORIAL LIBRARY

To the Officers and Townspeople of Acushnet:

It is again time to report on the operation of your Russell Memorial Library.

For several years, the Trustees have been considering a slight change in the setup of personnel. In the past, a high school student was hired to assist Miss White, the Librarian. While the young ladies were adequate, their age level made it impossible to leave them in charge of the Library in the absence of Miss White. It also meant too much turnover of personnel.

During the past year the Board was very fortunate in obtaining the services of Mrs. Wanda B. Bourgeois to fill the position of Assistant Librarian.

During the past year, the plumbing has been a constant source of trouble. After a prolonged period of inadequate service and much inconvenience, it was decided the best and least expensive solution to this problem for the present and the future, was to relocate the waste pipe and cesspool. The original septic tank was located about 15 feet underground (beneath the high bank), which made servicing a major problem.

We now feel another major problem has been solved, and brings us to 1957 and its projects. We hope during the coming year to repair and paint the basement rooms. This has long been set aside for more pressing needs, but with the Well Baby Clinic and Scouts meeting in these rooms, they should be made

presentable at the earliest possible moment. This we hope to do in 1957.

Once more we would like to stress the fact that this is your library—to be used by adults and children alike. We feel sure you will find both Miss White and Mrs. Bourgeois ready at all times to assist you—whether you wish something light to read, or some research item, or serious reading. There is a good selection of both books and magazines to appeal to all ages.

Library Hours

Tuesday and Saturdays from 2:00 p.m. to 5:00 p.m.
 Thursdays from 2:30 p.m. to 5:00 p.m. and
 6:00 p.m. to 8:30 p.m.

REPORT OF THE BOARD OF HEALTH

To the Officers and Residents of the Town of Acushnet:

The Board of Health respectfully submits the following report for the year 1956:

Immediately following the election the newly elected member, Louise F. Taber, was sworn into office by the Town Clerk.

At the first regular meeting the Board organized as follows:

Chairman—Sylvano Frates

Secretary—Mrs. Louise F. Taber

Agent and Inspector of Licenses—Joseph E. Lepage

Charles H. Washburn was appointed Inspector of Slaughtering which appointment was duly confirmed by the State Department.

Another year has passed without a case of tuberculosis requiring hospitalization at the Bristol County Tuberculosis Hospital in Attleboro, and no diphtheria cases were reported. There were three premature births reported of which one case required assistance amounting to \$420.00.

The garbage collection was handled in a satisfactory manner, which we trust will be continued.

Through the cooperation of the District Nurse, Miss Katherine Hartley, R.N., the dental clinic was carried on for the most needy children. A total of \$652.75 was paid by the Board of Health for the year. There were 167 Fillings; 52 Treatments; 37 Extractions; 42 Prophylaxis; 1 X-ray; and 16 Cleanings. Total for the year 315.

There were 2,487 polio immunizations administered by Dr. William Jeffrey, assisted by Miss Katherine Hartley, Mrs. Florinda Reed and Mrs. Mae Collins. Clinics were held monthly and all school children who requested immunizations have received three doses of vaccine. The Board of Health employed an extra nurse, Mrs. Florinda Reed for a month to help with polio immunizations. Our sincere thanks to them as well as the Acushnet Hospital for the sterilization of all equipment for this program.

Thanking everyone for their cooperation during the year, we present the following statistical report:

Chicken Pox	41
Measles	36
Mumps	23
Premature Births	3
Scarlet Fever	3
Dog Bite	4
Ophthalmia	1

The following licenses were issued:

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS FOR 1956

The annual report submitted herewith is the twenty-fifth in a consecutive series released by the writer.

There were twenty-six meetings of the School Committee during 1956. The Board organized for the year on March 7, 1956 with Leo T. Jackson as Chairman.

Action of the town in tabling new school construction at a special town meeting on May 5, 1956 produced several alternative adjustments. A regional school district planning committee consisting of three members was authorized to determine the feasibility of joining with neighboring communities to establish a regional high school. Leo T. Jackson was ultimately made chairman of this group. Benjamin Gilmore and Albert J. Williamson were appointed to complete the membership. The regional committee plans to report on its findings at a later date.

The elementary school building committee was modified in membership as follows: Charles A. Gerber resigned as chairman and William Fawcett, Jr. of the School Board assumed this post. Russell V. St. Pierre resigned as secretary and was replaced by Eugene S. Mendonsa. Walton E. Braley was appointed to this committee to complete the five member group with Peter F. Murphy and Charles J. Peters continuing to serve. William Fawcett, Jr. has announced that his committee will await the report of the high school group before proceeding with revised plans for new school construction.

The sharp increase in enrollment at all grade levels presents a real challenge. To compensate for an unusual influx of pupils in the seventh and eighth grades the School Board voted to reorganize classes at these levels. A single seventh grade

at the Burt School as well as at the Howard School were established in September. Two eighth grades were organized at the Parting Ways School. This adjustment worked well and eliminated unwieldy combinations at the Burt and Howard Schools. Although the classes are large they are much to be preferred to seventh and eighth grade combinations housed in one classroom.

A glance at the age and grade chart will readily suggest the need for three classrooms at each grade level shown therein. It follows that twenty-four rooms are needed in grades one through eight. At present classrooms are available as indicated:

Parting Ways School	8
Marie S. Howard School	5 including assembly
Mason W. Burt School	4
Long Plain School	4

As we look to next September and an ever increasing enrollment we find an immediate need for at least four additional instruction spaces in the elementary schools.

There were several changes in teacher assignments in September which should be properly recorded here. Daniel F. Flanagan resigned as principal of the Marie S. Howard School to join the teaching staff at the Normandin Junior High School. Mrs. Bertha S. Slater, instructor of grades one and two in the Howard School, was elected principal of the building. Emily F. Sylvia of Mattapoisett was elected to teach grade seven in the Howard School. Mrs. Stasia C. Polar resigned as teacher of the Opportunity Class to accept a position in New Bedford.

Mrs. Frances E. Gifford, teacher of grade one in the Parting Ways School, was assigned to the Howard School to teach the Opportunity Class. Mrs. Isabelle G. Braley of the Parting Ways School staff was assigned to grade one in the same building. Mrs. Patricia Meredith of Kansas was elected and assigned to teach English and Mathematics to the eighth grade pupils in the Parting Ways School. Mrs. Eleanor D. Townsend of the Burt School teaching staff was assigned a single seventh grade in the same building.

It is my observation at this point that the townspeople of Acushnet are indeed fortunate in having a thoroughly qualified and experienced teaching staff employed within their community. Every effort should be made to retain competence at all grade levels.

New transportation contracts were awarded to Norman G. Pepin of Acushnet and Alphone L. LeBoeuf of New Bedford. Two school buses are transporting over seventy-five high school students to New Bedford. Two additional vehicles transport 400 elementary school pupils to and from Acushnet schools.

A reference to high schools should include a comment on the substantial increase in tuition rates which became effective in September, 1956. These rates were adjusted as follows:

	<i>From</i>	<i>to</i>
Fairhaven High School	\$250 annually	\$300 annually
Normandin Junior High School	\$225 annually	\$325 annually
New Bedford High School	\$225 annually	\$375 annually

The financial impact of these adjusted rates will become obvious in the estimated 1957 budget requirements.

The rather uncertain status of our future high school enrollees provides food for thought at this time. The New Bedford School Committee has voted "no assurance" that Acushnet pupils at the ninth grade level will be admitted to the Normandin Junior High School in September of 1958. This situation provides only one phase of a complicated educational problem facing the School Committee, the Building Committee, and the Regional District Committee. The several members of these committees have indicated a sincere desire to agree on a construction program which will be consistent with the economy of the town and at the same time solve the problem of school housing in a practical manner. The challenge of a growing community must be faced with the best thinking of many people.

Among the larger repair projects authorized and completed by the School Committee were the painting of the exterior of the Long Plain School, the installation of a new cement basement floor in the Howard School, the providing of several maple floors in the Howard and Parting Ways Schools, the furnishing of a new water pump at the Long Plain School, and shoring a segment of the Parting Ways School with lally columns. Electric hot water heating units were provided in all schools and are serving a useful purpose.

The estimating of one's budget requirements for a full year well in advance of actual use calls for a careful consideration of many factors. Properly anticipated needs can be provided for after diligent study. In the face of a rising cost for all commodities and services it becomes more difficult to present a realistic picture of needs. The School Committee has studied its needs for 1957 carefully. As required by Chapter 41, section 59 the estimated budgets for educational purposes were submitted to the Town Accountant prior to December 21, 1956.

Total Revenue	55,338.64	64,561.46
Net Cost to Taxpayers	101,183.85	

Allowance made for salary adjustments staff personnel.

Note that approximately \$16,000 more will be expended for high school tuition. Treatment of this unusual circumstance was made earlier in this report. It is due primarily to a marked increase in annual tuition rates.

Your attention is also directed to the large increase in estimated revenue from the State.

The Vocational Budget

	1956	1957
	<i>Costs</i>	<i>Estimate</i>
Tuition	\$12,152.76	\$13,700.00
Transportation	3,345.76	3,300.00
	<hr/>	<hr/>
	\$15,498.52	\$17,000.00
Balance	1.48	
State Aid, Chapter 74	7,094.26	7,500.00
Net cost to taxpayers	8,404.26	

Tuition estimates for 1957 are somewhat higher because the largest number of day school enrollees in the town's history are in attendance at the New Bedford Vocational High School.

There are 46 Acushnet boys and 20 girls attending. Evening school class enrollments increased to 51 during 1956.

In concluding this report it is a pleasure to take this opportunity to recognize the efforts of the School Committee membership to solve its many and varied administrative problems.

I cannot speak too highly of the consistent efforts of all the

public school employees to provide the right type of atmosphere in which young people can profit from their daily instruction.

Respectfully yours,

ALBERT F. FORD,

Superintendent of Schools

REPORT OF THE SCHOOL PHYSICIAN AND NURSE

Acushnet, Massachusetts
January 25, 1957

To the Members of the School Committee,
The Superintendent, Teachers, and
Residents of the Town of Acushnet:

At the end of the fiscal year of 1956, the School Physician and Nurse submit their annual report.

During this year, 335 school children were given physical examinations, 176 of them being accompanied by a parent or parents at the time of examination. This indicates that there is a very high percentage of parents in this town who are intensely interested in their children's progress and welfare. We certainly appreciate their co-operation. The children examined were pupils in the 1st, 4th, and 8th Grades in all schools (both Public and Parochial) in the Town of Acushnet. In these examinations, we noted the following conditions: in the following number of children:

Dental defects	72
Emotional imbalance	7
Nutritional defects	13
Eye conditions	2
Ear troubles	49
Nose and Throat defects	91
Cardiac conditions	5
Postural abnormalities	52
Foot troubles	25
Miscellaneous	2

As a result of these findings, notices were sent to the parents of 42 children; notices not being required in the cases where

the parents were present at the time of examination.

During June and July, 43 children were given pre-school physical examinations prior to their entering the first grade.

The State Vision Test was administered to 764 children, 72 of whom showed defective vision, and 42 of these were corrected.

The State Pure Tone Audiometer Test for Hearing was given to 871 children, of whom 193 were re-tested and 34 of these were found to have deficient hearing; 20 of these are under treatment by the physician of their choice.

At the Baby Clinic for pre-school children, held in the Library on the first Wednesday of each month, we attended to 257 children, of whom 57 were vaccinated against Small-pox, and 74 received inoculations for immunization against Diphtheria, Pertussis, and Tetanus.

Our Polio Immunization Program has progressed well. Using the Salk Vaccine provided by the Massachusetts Department of Public Health, we have inoculated all school children whose parents requested that their children be immunized against Infantile Paralysis. They have all received three doses of vaccine. We have given 2,487 Polio immunizations.

Thus, in retrospect, we believe that this year has been a year of progress, with many things accomplished. We have taken great pleasure and pride in our work, and have enjoyed heartily the companionship and co-operation of the Students, the Parents, the School Committee, the Superintendent, and Teachers.

Respectfully submitted,
