Mark Kalpin, Counsel w/Holland & Knight

Open Hearing 5:06 P.M.

D. Davignon made a motion to open hearing, R. Medeiros seconded the motion, all were in favor, motion carries.

We are here to hear & consider an appeal filed by Navisun, LLC, 550 Main Street. Acushnet, of an Order on December 17, 2022 issued by Assistant Health Agent pursuant to M.G.L. c 111, s 122, relative to nuisance, source of filth and cause of sickness to be removed from the property.

D. Davignon explains this is really a follow-up from a meeting we had 2 weeks ago. D. Davignon read the enforcement order that was issued. Since the order they have connected the neighboring property to municipal water and has also, ceased discharge of storm water from the site and is making every effort to continue to do that. Also an inspection has been performed of the septic system at the neighboring site and looks good, video camera was taken of the inside of the system. Having said that they have complied and do not see any issue with lifting the Cease and Desist order today. D. Davignon made a motion to lift the Cease and Desist order effective immediately and should there be a re-occurring problem due to storm water that we will proceed to issue enforcement action again. R. Medeiros seconded the motion, all were in favor, motion carries.

D. Davignon opened the floor to the attendees for any remarks. Mark Kalpin spoke on behave of Navisun and would like to thank the board for and expressed they are committed to working with the town and all department.

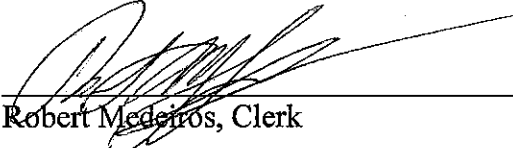

5:16 P.M.

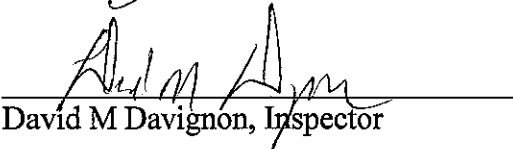

D. Davignon made a motion to adjourn, R. Medeiros seconded the motion, all were in favor, motion carries.
