- 5. New Business: I was able to get a picture of the Perry Hill School from Gary at Country Hardware but it was old and a little blurred but I made copies for now to use. I am in the process of making a picture wall on the second floor at Town Hall where the selectmen will each have a small office to meet with residents privately. It will be all Historic**

pictures of buildings and homes from Acushnet along with maps of Town. I was asked by David Wojnar and Mr. Kelley to make the picture wall.

6. Old Business: We had to have the water heater replaced at the Museum, it was no good and we were afraid it would leak if we put water in it. Dated 2005. Installed was a instant water unit. This will give us all the hot water we need for Apple/Peach. My building account for the Museum paid for the unit and the plumber. The electrical was done by OC electrical Dept. at a small cost.
