REPORT OF OVERSEERS OF THE POOR

To the citizens of Acushnet:

The Overseers of the Poor herewith respectfully submit a report of their expenditures during the year 1924. Although the department has had good many applications for aid caused chiefly by the unusual depression in the textile industry and other causes this board has been very fortunate, through the co-operation of the members of the board, the Highway department and other interested citizens in securing some work for many of the applicants when they were badly in need, thereby relieving the town from an extra expense. We wish to explain that, although the report here submitted shows an overdraft of \$204.50 over the appropriation, we had to pay during the past year bills, amounting to \$1,410.43, which were contracted during 1923 and should have been paid during that period. If such would have been the condition our report would show an unexpended Balance of \$1,205.13 instead of a deficit.

Disbursed for aid as follows:

Wood	\$ 257.25
Coal	62.20
Transportation	10.50
Board	741.40
Stationery	12.20
Hospital treatment	103.23
Milk	26.24

Burials	100.00	
	<hr/>	\$5,204.50
Appropriation		5,000.00
		<hr/>
Overdraft		\$204.50

Respectfully submitted,

LOUIS GAUDETTE,
EDMUND A. LAMBERT,

REPORT OF THE SELECTMEN

The first meeting of the Board of Selectmen was held March 4, 1924 and organized for the ensuing year as follows:

Louis Gaudette was chosen as chairman and clerk.

Fifty-two regular meetings were held during the year.

July 26, 1924 the Board of Selectmen in meeting voted to change the day and hours for the regular meetings of the board on account of the crowded and unfavorable conditions under which the board had to transact its business on Saturday afternoon. Mondays at 7:30 P.M. was chosen as the date of the regular meetings and this change has proven to be successful and much more convenient both to the members of the board and to the citizens having some business or personal matters to bring before the board.

To the citizens of Acushnet:

The Board of Selectmen herewith presents the sixty-fourth annual report of the Town of Acushnet covering all departments for the year 1924.

It will be noticed that the majority of these departments have endeavored to live within their appropriations while some that have been forced to exceed their allotted donations have done so only through the arising of unforeseen circumstances; some other departments have carelessly (and we might say voluntarily) overrun their appropriations much to the dissatisfaction of the Board of Selectmen although constant attention has been given by the Board and every effort in our power made to eliminate these conditions they have nevertheless existed. The law compels adjustment in such circumstances and adjustments have been made with due respect for the law.

The year closing with this report has been an arduous one requiring from your Board of Selectmen constant attention to care for the problems confronting our town. This condition was due chiefly to the fast growing population and also to the unbusiness-like manners in which some of our departments have been operated.

Your Board of Selectmen have taken proper steps in the course of the past year, to remedy some of these conditions and we are positive that with good co-operation the present year will prove that the changes made will benefit the tax payers and the town at large.

Now, while touching the tax rate, (and the tax rate surely touches most of us) the selectmen would suggest careful judgment in the amount voting on appropriation. In defining careful judgment we do not mean drastic curtailments that might hamper departments and prove detrimental to the welfare of the town.

If the budget can be kept down, the tax rate will naturally drop, but in keeping down the budget the town of Acushnet must not as a municipality deteriorate. There is a happy medium that should please all and yet prosper the community.

The Board of Selectmen with the most valuable help of Mr. George H. Young, a member of the school committee, have drawn a set of by-laws and building regulations, and some have been incorporated in the report for the consideration of the citizens. We earnestly believe that these by-laws and regulations if adopted will benefit the welfare of the town.

The following licenses have been granted during the year:

BOARD OF HEALTH

To the Citizens of the Town of Acushnet:

Your Board of Health respectfully submit its annual report.

Immediately following the annual election the Board of Health met and organized as follows:

Joel P. Bradford, M. D., Chairman; F. E. Wellington, Secretary and agent Otto Melzer.

Albert S. Jenney and Allen E. Weeks were appointed inspectors of slaughtering for the year 1924; which nominations were approved by the State and the appointed were duly sworn into office.

Their work has been done in a satisfactory manner and their report follows:—

Animals	Inspected	Condemned
Swine	298	3
Veal	1534	8
Sheep	31	0
Beef	844	39
	<hr/>	<hr/>
Total	2708	50

Milk Inspector's report:

I have issued 20 licenses to sell milk in Town of Acushnet. And also inspected all dairys and found them to be satisfactory to the Board of Health.

OTTO WM. MELZER.

Contagious diseases reported to the Board during the year.

Diphtheria	3
Ophthalmia Neonatorum	2
Chicken Pox	1
Measles	1
Mumps	1
Scarlet fever	6
Whooping cough	2
Tuberculosis	19
	<hr/>
Total	35
Deaths reported	57

We wish to call special attention to the increased number of cases of tuberculosis as an item not only increasing the expense of this department materially but also calling for certain steps to be taken toward the prevention of the spread of this disease.

The board feels it must join with the State department

of health in carrying out its ten year program for stamping out this disease.

We would specifically call attention to the amount expended during the year for the support of cases of tuberculosis at the Bristol County Hospital. This year the amount expended was \$737.90 and there are at present three inmates in the Hospital at an average cost of \$40.30 each per month, which amount will be added with each new case.

The Board has been largely instrumental with the co-operation of our representative in securing the passage of a bill in the legislature which if adopted will relieve the town of the burden of its inspection bills, the amount of which was

An item that must soon be considered owing to the increasing congestion of certain districts, is the collection and disposal of garbage, for during the hot months the board is constantly receiving complaints of dumps where garbage is a distinct menace.

At present the garbage is being collected by individuals without expense to the board, which system will be continued as long as possible.

The usual number of complaints have been investigated and adjusted.

JOEL P. BRADFORD,
FRED E. WELLINGTON.

TRUSTEES' REPORT

To the Citizens of the Town of Acushnet:

In presenting our report for the year 1924, we wish to call to your attention the increased patronage of our library by the citizens and young people of the town, as shown by the report of the librarian, Miss Emma L. White. As will be seen by a perusal of the report there has been a larger demand for books this year than in any other previous year. It has been the aim of your trustees to keep the library up to as high as standard as possible with the appropriation at our command and the limited floor space and shelf room for the proper transaction of business by the librarian.

Your trustees are also pleased to announce that during the past year we have purchased an up-to-date encyclopaedia at a cost of over \$50. having in mind its particular usefulness for the school teachers and school children of the town in the many questions that arise during their school life.

Respectfully submitted,

JOSHUA ADDY,

MILLA A. HERSOM.

Trustees.

REPORT OF HIGHWAY SURVEYOR.

Last Spring the dirt roads were scraped as usual, and several were gravelled. The following streets in the southern section were gravelled:—Colombe, John, Garfield, Hope, Jean and Nye Streets.

Saucier St., having been accepted, was excavated and made into a 40 ft. street, at an expense of \$800.

The Town, County and State each contributed \$5,000.00 to continue the rebuilding of Main St. This is now completed as far as the corner of Perry St. A large sum had to be spent for suitable drainage. If the work is continued this year, it should be possible to make a good showing, as the places requiring the most drainage are now done.

Considerable work was done on Middle St., and an appropriation is needed to do further work.

There are several streets in the south part of the town which need to be gravelled, and a substantial appropriation should be made for work on Pembroke St.

Wing St. should be rebuilt for some distance, beginning at the State Road, as the section covered by this road has built up rapidly, and the road is now used extensively.

Peckham St., being a short cut from County Road to Long Plain, should be repaired this year.

It will be necessary to spend considerable money for repairs on equipment.

ALEXANDER A. VINCENT,
Highway Surveyor.

August 14, 1924.

To the Board of Selectmen,
Mr. Louis Gaudette, Chairman,
Acushnet, Massachusetts.

Gentlemen:

I submit herewith my report of an audit of the accounts of the town of Acushnet for the period January 1, 1923, to May 12, 1924, made in accordance with the provisions of Section 35, Chapter 44 of the General Laws. This report is in the form of a report made to me by Mr. Edward H. Fenton, Chief Examiner of this Division, who was placed in charge of the work.

Very truly yours,
THEODORE N. WADDELL,
Director of Accounts.

Mr. Theodore N. Waddell, Director of Accounts,
Department of Corporations and Taxation,
State House, Boston.

Sir:

As directed by you I have made an audit of the books and accounts of the town of Acushnet for the period from January 1, 1923 to May 12, 1924, and submit the following report thereon:

The financial transactions of the town as recorded on the books of the several departments receiving or disbursing money for the town, or committing bills for collection, were examined and checked for the period covered by the audit.

The books and accounts of the town treasurer were examined and checked in detail. The recorded receipts were checked with the records in the several departments col-

lecting money for the town with the other sources from which money was paid into the town treasury; and the payments were checked with the warrants authorizing the treasurer to disburse town funds.

The appropriation accounts were checked with the town clerk's records of appropriations voted by the town, the ledger accounts were analyzed, the necessary correcting entries were made, a trial balance was taken off, and a balance sheet was prepared showing the financial condition of the town as of December 31, 1923.

The accounts of the treasurer were in a very unsatisfactory condition, many errors and omissions being found, the correction of which greatly added to the work of the audit and materially increased its cost.

The classification book, in which should be entered in classified form the detail of all receipts and expenditures for the year, has not been written up since 1922.

It was found that it had been the custom for the treasurer to make payments in advance of the warrants, which resulted in much inaccuracy, payments having been made for amounts not appearing on the warrants and items appearing on the warrants that had not been paid.

In checking the original bills it was found that many of the bills were in the form of statements and did not contain the items for which payments were made. It was also found that bills contracted in 1922, aggregating \$1,152, had been paid from appropriation accounts of 1923, and that bills contracted in 1923, aggregating \$2,534.10, had been paid from appropriation accounts of 1924. This practice should be discontinued, as bills contracted in a given year should be paid from the revenues of that year.

Bills carried over from one year to another to avoid showing an overdraft in the year in which the bills are con-

tracted, is a violation of Section 31, Chapter 44, General Laws, which reads as follows:

No department of any city or town, except Boston, shall incur liability in excess of the appropriation made for the use of such department, except in cases of extreme emergency involving the health or safety of persons or property, and then only by a vote in a city of two thirds of the members of the city council, and in a town by a vote of two thirds of the selectmen.

The books and accounts of the tax collector for 1921, 1922, and 1923 were examined, the cash book footings being proved and the payments to the treasurer verified. Many errors were found, making necessary much detailed checking in order to reconcile the accounts.

The abatements, as recorded, were compared with the assessors' records of abatements granted, it being found that many abatements had not been entered on the collector's books, it having been his custom to enter them only when payments were made. The assessors' record of abatements did not distinguish between town and district taxes, and it was therefore necessary to refer to the abatement slips in order to determine to which commitment the amounts should be credited. These will be properly shown on the assessors' books in the future.

It was found that payments had been made for which, apparently, there had been no commitment; it is possible, however, that some of these were for taxes on property standing in the names of other people, but this could not be determined. The assessors' records should clearly indicate when re-assessments are made, and no abatement should be issued in such cases, as the overlay should not be reduced by such changes.

The outstanding taxes were listed, and verification notices were mailed to a number of persons whose names

appeared on the books as owing money to the town and from the replies received I am satisfied that, with the exceptions of clerical errors, the accounts are correct.

The books and accounts of the collector for the years 1918, 1919, and 1920 were not available for examination. As the payments to the treasurer for 1923 were the amounts on hand as shown by the previous audit and as no abatements apparently have been made since that time, it seems advisable that decisive action should be taken to clear these levies without further delay.

The records of licenses granted by the selectmen were examined, and the recorded payments to the treasurer were verified by a comparison with the treasurer's books.

The town clerk's records of dog and of hunting and fishing licenses issued were examined, and the payments to the county and state treasurers were verified by receipts on file.

The savings bank book representing the investments of the trust funds, belonging to the town were examined, the income being proved and reconciled with the books.

In addition to the departments and accounts mentioned, the books and accounts of the sealer of weights and measures and the library were examined and checked.

The surety bonds of the collector for the years 1923 and 1924 were examined and found to be in proper form. As stated in my previous report, the bond of the treasurer was issued in 1921, renewal certificates being issued annually. Such a bond does not give the town the protection it should have, and I would therefore repeat my recommendation that a new bond be obtained each year for the treasurer, the same as is done for the tax collector. The town clerk was bonded for the year 1923, but no bond was on file for 1924 at the time the audit was made.

Tables are appended to this report showing a recon-

ciliation of the treasurer's cash, summaries of the departmental and trust funds accounts, together with a balance sheet. The need of a competent town accountant is so apparent that it is hoped that the town will take favorable action regarding the matter, thus relieving the treasurer of the bookkeeping, which he has been endeavoring to do in addition to his other duties. The employment of a town accountant would provide for an adequate supervision of the town's resources and effect an actual saving to the town in various ways.

For the courtesy and co-operation extended by the various officials during the audit, I wish, on behalf of my assistants and myself, to express my appreciation.

Respectfully submitted,

EDWARD H. FENTON,
Chief Examiner.

REPORT OF THE SCHOOL COMMITTEE

For the Year Ending, Dec. 31, 1924

To the citizens of Acushnet:

1. Physical condition of the Schools.

(a) During the past year the Parting Ways School was given two coats of paint inside and out, all wood work inside the building receiving two coats of stain and one of varnish. New gutters were placed around the roof. We consider this building to be in as good condition now as it can be made.

(b) At the Long Plain School two additional rooms were added to the building. The entire building was painted inside and out. This has improved the teaching conditions in this building and leaves us an extra room to allow for increased enrollment in that district.

(c) The Burt Memorial and the Marie S. Howard Schools: The wood work in these buildings received two coats of varnish last summer. It is planned to paint the trimmings on both these buildings during the next summer.

2. Equipment.

On of the grades in the Parting Ways School is now running under the Platoon System, which on the whole is considered more advisable than the Part Time System, and is an indication for additional equipment. While this condition is not ideal, and we feel that the parents will agree with us in this, still it is felt very strongly advisable, due to the economic conditions, that the present method of handling the overflow be persisted in until conditions warrant a more substantial remedy.

3. Enrollment and Expense.

(a) The total enrollment for this year is 708 an increase of 40 over the total enrollment of last year.

(b) It is enlightening to note here that of one hundred sixty-eight towns in Massachusetts with a population of less than five thousand there are one hundred seven which made a larger expenditure per pupil than Acushnet during the past year, 1924.

4. Evening School was instituted during the past year with two classes in Americanization, one in Grammar school work, and one for illiterates.

5. We call attention to the fact that one of the problems of rural education is based on the high percentage of labor turnover in the teaching staff itself, and in this connection wish to note that such turnover during the past year was only twenty per cent as compared with two of the years immediately preceding, in which during one of them there was a turnover of 61%, and in the other a turnover of 64%. We feel that this improvement is conducive to stability and efficiency in the entire teaching staff from which the pupils are bound to reap a decided benefit.

Respectfully submitted,

JOSEPH DABROWSKI, Chairman,

LOUIS GAUDETTE

AMERICANIZATION

The first Americanization class was opened in Acushnet, October 13, 1924. The classes have been held on Monday and Wednesday evenings.

At the beginning there were fifteen pupils, but soon the enrollment increased to twenty-four, and it became necessary to employ another teacher. There are three divisions in this small group.

Class 1. People who can neither speak, read, write, nor understand English.

Class 2. People who cannot speak, read nor write, but who can understand some English.

Class 3. People who can speak and read, but who cannot write the language.

There has been a fine spirit of work among the men and women, and everyone has taken long strides in his ability to use oral and written English.

At the end of the term, certificates showing the amount of progress made will be awarded to these earnest men and women.

The grammar school department of the Acushnet night school beginning the last of October and closing February 18, started with good attendance of young people many of whom had left the public school in grades four, five and six, and who are classed by the State Department of Education as illiterates.

We found it necessary to make two divisions, one of which was a straight seventh grade, the other the mixed class of illiterates.

With the division the interest grew, those in grade seven being anxious to finish the work, in order to enter the eighth grade next year. On account of lack of time we were unable to entirely complete the work, but have accomplished sufficient to enable the pupils, by hard work, and a longer term, to finish the seventh and possibly the eighth grades next year, when they will be ready for their grade diplomas.

CALENDAR, 1925

Monday, December 29	Schools open
Thursday, January 1	(Holiday), New Year's Day
Friday, February 20	Schools close
Monday, March 2	Schools re-open
Friday, April 17	Schools close

The healthful co-operation of the teaching staff and of the School Committee has made a very pleasant year for me, and has, I trust resulted in a year of progress for the schools.

Respectfully submitted,

CHARLES H. HOLMES,

Superintendent.

EDMUND A. LACASSE, Chairman,
ALDEN WHITE,
WALLACE HOLMES,

Board of Assessors.

Follow the Swallow. (chorus)

When I'm feeling lonesome to

What am I gonna do

Follow the swallow back home

When the wind starts to blow

Where am I gonna go

Follow the swallow back home.

When the world is dark & gloom

And my pals all try to do me

Listen to me, east is east, west
is west

Birds go south they know best

Follow the swallow back home
